Hon. George Werner  
Director General  
Civii Service Agency  
Monrovia, Liberia

Dear Mr. Director General,

This acknowledges receipt of your letter of February 6, 2014 by which you submitted copy of the Guide to the Merit Board Recruitment and Selection Process. I want you to know that I read the entire Guide and am pleased that I did so because it is thoughtful and instructive and will be a useful guide to me in these cases where I have to make a selection decision.

I wish to thank and commend you and your team for the proficiency and commitment which you bring to your responsibilities. This is why I gladly waive my constitutional right of appointments in order that your merit based recruitment process will result in the appointment of the most qualified for the task.

Thank you also for copy of the progress report to George Soros on the civil service reform effort.

Sincerely,

  
Ellen Johnson Sirleaf
